

# MEETING REPORT

**Team Name:** Soft&Solution

**Date of Meeting:** 20/03/2018

**Start Time:** 14:45 **End Time:** 16:00

**Meeting Location:** Students Council

**Moderator:** Andis Xhaferraj

**Recorder:** Olimbia Qirjaqi

**Other Members Present:** Klajdi Balliu  
Mirlian Çakalli

**Members Absent:** none

## Topics Discussed:

Today we discussed about two different ideas from the first meeting. The first idea was about a Bus management system for our country and the second idea was related with government part, more specifically about some particular services that DPSHTRR (Drejtoria e Pergjithshme e Sherbimeve te Transportit Rrugor) is offering. Olimbia thought about solving a major problem that the citizens were facing such as long queues. Since there a lot of different consequences for citizens related with this problem, most of the procedures can be digitalized and solve most of these consequences.

## Decisions Made:

We decided to go with the 2<sup>nd</sup> idea, which was about DPSHTRR e-services  
We should find a person that works inside DPSHTRR to understand the structure of their work.  
After reviewing the services that DPSHTRR offers, we will choose the services that would fit for our project.

## Tasks Assigned:

Olimbia, Mirlian, Klajdi should read about DPSHTRR and the services it offers in depth.  
Andis should interview someone from DPSHTRR  
Andis should research about MVC architecture in PHP  
Olimbia should research about Symfony  
Mirlian, Klajdi should research about Laravel

**Time, Place, and Agenda for Next Meeting:** 29 March 2018, Epoka Campus

**Agenda:** Gathering information about DPSHTRR services.  
Discussing about technology that would be used.  
Discussing about project features  
Discussing about the structure of the project.
